

NON TRAVELING CAMPER

For Boys and Girls Age 2 - 5 Years

Bring your little ones to our wonderful, warm, and loving camp environment. Their day will be filled with a variety of activities, some of which include **swimming, art, cooking, gymnastics, karate, sports and music**. Each day begins with a "good morning" circle time and visual schedule to prepare the children for the day and continue with their school readiness. The visual schedule is designed to allow children to transition more easily to the variety of activities planned throughout the day. Each Friday the children will have a wonderful Shabbat celebration in the sanctuary singing Shabbat songs and learning Jewish tradition.

Our amazing swim program is a valuable part of Camp Beth Emet. The program is designed to reinforce water safety and teach children swimming skills appropriate to their individual levels. At the same time, we promote fun and enjoyment in the water by using a variety of equipment – all facilitated by the most OUTSTANDING swim staff in all of Broward County. The one-on-one attention given to these young campers is sensational! Our on-site wading and larger swimming pool are perfectly designed for young swimmers. In addition to all of this, we have a variety of special activities and shows planned throughout the summer. Some of these include bounce houses, silly sing along fun and puppet shows, a magic show and special visits from some of our favorite preschool characters. Camp Beth Emet provides a developmentally appropriate program for these younger campers. Our goal is to expose your child to experiences that help them feel comfortable in camp, trust their environment, make friends, and feel they are part of a group. Our adult counselors teach them conflict resolution, empathy and kindness. Their easy transition into school after summer camp shows the joy and love they have experienced throughout the summer.
